

amfori Access to Remedy Approach

amfori Grievance Mechanism

Offering amfori staff or other impacted stakeholders to submit any concern regarding the amfori workplace (internal) or services (external)

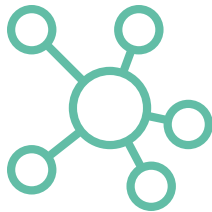

Operational Grievance Mechanisms

Strengthening Operational Grievance Mechanisms (OGMs) at production locations and farms through amfori BSCI and capacity building & training

A2R Hub

Encouraging the creation of a global Access to Remedy Hub managed by a neutral international organisation(s) with input from the global community to share, connect and collaborate, in order to maximise efforts

amfori Supply Chain Grievance Mechanism

Supporting amfori members in providing access to remedy to workers and communities in their global supply chains, where grievances can not or have not been addressed through local OGMs

ACCESS TO REMEDY THROUGH COLLABORATION
