December 2023

PLEDGE NUMBER 1: The Republic of San Marino's pledge is based on the efforts already taking place nationally, concerning the campaigns to change the public perception, particularly of young people. Several institutional and educational activities will take place nationally this December and during the next year. The focus of such activities will be the 50th anniversary of the San Marino Constitutional Charter and its profound connections with the Universal Declaration of Human Rights. The goal is to increase young people's knowledge of human rights, their defense and inviolability, to forge future generations capable of protecting human rights, democracy and peace.

Expected deadline within which pledge will be realised: 31-Dec-24
